

## **Securing Required Funding for Water Infrastructure Now Act (SRF WIN)**

### **Background:**

- Purpose of the SRF WIN Act is to provide a source of financing for State Revolving Fund programs to leverage already existing program funds
- This would create a source of funds for SRFs in addition to EPA capitalization grants
- Funds would be provided as loans by EPA through an SRF-specific WIFIA program
- Introduced by Senator Boozman as S. 2364 on January 30, 2018
- House companion bill introduced by Representative Katko as H.R. 4902 on January 30, 2018
- SRF WIN is supported by the Council of Infrastructure Financing Authorities (CIFA) and the National Association of Clean Water Agencies (NACWA)
- SRF WIN is opposed by the American Water Works Association (AWWA), the Association of Metropolitan Water Agencies (AMWA), and the Water Environment Federation (WEF)

### **Specifics:**

**Deliberative Process / Ex. 5**
